## Science awards

Garland - John L. Miller, a fifth-grade teacher at Southgate Elementary, and Linda Berryhill, a fifth-grade teacher at Centerville Elementary, were among 43 North Texas science teachers recently honored.

**The award were announced during the 1998 Spring Texas Regional Collaboratives for Excellence in Science Teaching last month in Dallas.**

Mr. Miller has taught for 27 years and Mrs. Berryhill for 10.

Both educators in the Garland Independent School District received proclamations from the Texas Senate and a certificate of achievement in honor of their dedication to lifelong learning and commitment to the teaching profession.
